EDUCATION

Mountain Top University   2019 - 2022
Bachelor of Science in Financial Accounting

WORK EXPERIENCE

Data Science Instructor (Assistant) Data-Lead Africa   July 2023 - May 2024

- **Data Transformation:** Cleaned, merged, and structured raw datasets using SQL, Power Query, and Python (Pandas) for reporting and analysis.
- **Exploratory Data Analysis:** Identified patterns, trends, and anomalies in datasets using statistical methods and visual exploration with Python and SQL.
- **Data Analysis**: Delivered actionable insights by analyzing business KPIs, customer behavior, and operational data to support decision-making.
- **Machine Learning**: Built basic predictive models for classification and regression tasks using Scikit-learn; applied feature engineering and model evaluation.
- **Data Visualizations**: Created interactive dashboards and visual reports using Power BI, Excel, and Matplotlib to communicate key insights effectively.

Account Trainee Transcorp Hilton Hotel   April 2023 - July 2023

- **Journal entries**: Prepared and recorded journal entries in accordance with accounting standards
- **Inspection of goods**: Conducted physical inspection and verification of goods received
- **Handled finance documents**: Managed and organized financial documents for audits and compliance purposes

PROJECTS

Social Media Content Analysis | LINK

- Analyzed the performance of content types and posts across various social media platform
- Analyzed top engagement hours of contents
- Delivered well designed Power BI Dashboard

Crypto Analysis | LINK

- Created data pipeline for crypto data from API to Dashboard
- Designed database schema for storing and retrieving crypto data
- Developed Power BI Dashboard for monitoring KPIs and metrics

Report Analysis and Automation | LINK

- Built an Automated Report System for Quarterly Financial Reporting
- Built a Power BI Dashboard
- Built a Power Automation flow

SKILLS

- **Languages:** Python, SQL
- **Tools:** Excel, Power BI
- **Frameworks:** Numpy, Pandas, Matplotlib
- **Strong Skills:** Dashboard Development, Data Modeling

CERTIFICATION

Gomycode | Certificate
Data Analytics - Microsoft Power BI Certified course
